

## **Community Spaghetti Feed Results & Thanks to all for your support!!**

Karrie and I would like to THANK each and every one of our volunteers, sponsors, bakers and attendees for supporting our 3<sup>rd</sup> annual Community Spaghetti Feed. It really was an incredible event!

There were an estimated 330 people in attendance. Many of whom have no children in our school. This was one our goals for this event. We wanted to bring the community into our school; to see firsthand what happens when you have strong PTA, Staff, student and family involvement within the school. With everyone's help, we exceeded our expectations on this one!!

We don't have final numbers yet but we brought in just over \$4,200 minus the apx \$1,000 in budgeted expenses, which means more than \$3,000 for our PTA and our school!

None of it would have been possible without the donations we received from local businesses, community members and families who contributed to the classroom baskets. Please review the list of sponsors at the bottom of the page and show your thanks by supporting their business.

Special thanks to our School Board representative, Tim Nickson for calling the Bingo numbers, Jeanette Bull for making all the signs and Johna Thompson and the Yearbook Club for taking pictures.

To all the volunteers who assisted on the Spaghetti Feed Committee – Dianna Perry, Debbie Schmidt, Tina McGann, Carri Winnney, Kassie Schmidt, Jay Bryant and Jen Leatham ~ GREAT JOB!

This event takes many volunteers to pull it all together from start to finish and we truly appreciate everyone who assisted in setting it up, making it happen then cleaning it up once we were all full and happy!!

The support we received before and during this event really made all of the work to put the event together worth while. We can't possibly say "thank you" enough. Because of events like this, we are able to make a difference in the lives of our children. So, thank you, and well done, everyone!
